

Press Release

For Immediate Release

December 18, 2009. I.E.Canada, the Canadian Association of Importers and Exporters, has announced the appointment of Joy Nott as the new President of the association. Joy will assume her new role on January 18, 2010.

“We are delighted that Joy has agreed to take on the position, leading the growth of I.E.Canada as the association continues to address the challenges faced by Canada’s trade community,” said I.E.Canada Board Chair John O’Reilly. “Joy already has an intimate knowledge and understanding of the association, which will allow for a seamless transition.”

Joy comes to I.E.Canada from her role as vice president and managing consultant, J.P.Morgan Global Trade Management. Specializing in matters of customs and international trade for both Canada and the U.S. based clients, Joy has over 20 years of experience in customs compliance. She has extensive knowledge of Canada’s various trade agreements, and has helped companies become registered for the Customs-Trade Partnership Against Terrorism (C-TPAT) and Partners in Protection (PIP) programs. Joy has also worked with a number of Canadian and U.S. companies helping them to better understand Canadian export and U.S. re-export regulations.

Prior to joining J.P.Morgan, Joy spent a number of years employed as a Senior Manager with the public accounting firms of KPMG LLP and Deloitte & Touche LLP as a Customs and International Trade consultant. She joined the accounting firms after 10 years of varied experience in senior management roles in the customs brokerage and freight forwarding industry.

Joy holds a Bachelor of Arts from Concordia University in Montreal. She received her qualified customs brokers’ status in 1990 and her professional customs brokerage status in 1993. She is currently working towards her professional designation with the Canadian Institute of Traffic and Transportation (CITT).

“Joy has a passionate commitment to fulfill I.E.Canada’s goals and mission to be the leading voice of the trade community. We are confident that with her enthusiasm, organizational ability, attention to detail, and management know-how, I.E.Canada is in good hands,” said O’Reilly.

Joy takes over the position from Mary Anderson, who is stepping down after nearly five years of leadership.
